MESSAGE FROM DIRECTOR INSTITUTE OF TECHNOLOGY OF CAMBODIA

As a general director of Institute of Technology of Cambodia (ITC), it is my great honor to introduce the research findings published in Techno-Science Research Journal (Techno-SRJ) which is hosted by Research and Innovation Center (RIC), ITC.

As a leading university in the field of science and engineering in Cambodia, our vision is the build Techno-SRJ journal to be recognized in both national and international levels through sharing quality of research findings to the scientific community.

I am very happy that our Techno-SRJ journal is continual growing from year to year in terms of article quality as well as the large number of submitted research articles. I would like to thank to relevant team including editorial board, reviewers, and authors, for your hard working and contribution to support the growth of Techno-SRJ journal which in turn it directly supports the scientific community. I do believe, your supports and active research will bring our Techno-SRJ journal to be eligible for the application to ASEAN Citation Index soon.

We would like to welcome all of researchers to explore the research findings published in the volume 11, issue 2 of Techno-SRJ journal; and I hope those articles can be served a useful reference for the research improvement.

Thank you so much.

H.E Prof. Dr. PO Kimtho Director General Institute of Technology of Cambodia December 2023
